No. 025  
December 22, 2009

### BRADD Software Metric Units

As result of a decision by the AASHTO Subcommittee on Bridges and Structures, there will be no further updates to the SI Unit version 2007 AASHTO LRFD Bridge Design Specifications. Consequently, PENNDOT will be phasing out the SI unit option for the Bridge Automated Design and Drafting Software (BRADD).

Beginning in January 2010, new releases of the BRADD Software will no longer allow the use of SI units.
