Use of program website with Microsoft Edge

When using the Microsoft Edge web browser to visit <https://bradd.engrprograms.com/home/>, users will occasionally see an older version of the website than the currently published version. In order to see the latest version of the website, it is recommended that the user manually clear the web cache using the method described below.

Note that this problem does not occur with the Google Chrome or Mozilla Firefox web browsers.

To clear the cache, open Microsoft Edge, then click on the three dots at the upper right:
